### **TENET FLORIDA PHYSICIAN SERVICES PARTNERS WITH ROYAL CARIBBEAN CRUISES LTD. TO OPEN AN ON-SITE MEDICAL CLINIC**

*Headquarters employees will enjoy exclusive worksite wellness solutions*

CORAL SPRINGS, Fla. (May 24, 2011) – Tenet Florida Physician Services, L.L.C., which is part of Tenet Healthcare Corporation’s Florida region, is pleased to announce plans to open a new on-site medical clinic this fall at the Royal Caribbean Cruises Ltd. (NYSE: RCL) headquarters located in the Port of Miami.

“We credit Royal Caribbean Cruises Ltd. for their partnership in this innovative approach to provide quality worksite wellness services,” said Craig Bloom, Regional Director, Strategic Operations, for Tenet. “The new clinic will allow Royal Caribbean to offer its employees and their dependents an effective and efficient healthcare solution, which is part of a growing trend that many other corporations may benefit from as well.”

Royal Caribbean’s approximately 1,700 headquarters employees from all of its brands, including Royal Caribbean International, Celebrity Cruises and Azamara Club Cruises, will be receiving medical care from family medicine physicians with Tenet Florida Physician Services, all of whom are on staff at Palmetto General Hospital. The clinic’s focus is on general wellness, screening and preventative medicine. Services offered will include immunizations, physicals and routine medical care. The physicians will also provide specialized care to patients with chronic health conditions, such as diabetes, high blood pressure and asthma.

The clinic will feature the same set up as a traditional doctor’s office and will include a waiting room, physician’s office, nurses’ station and exam rooms and will be open during regular business hours. South Florida Royal Caribbean employees and their dependents will be able to access services as part of their benefit offerings.

“The health and wellness of our employees is one of Royal Caribbean’s top priorities. This innovative approach of having an on-site clinic will encourage a healthy, productive and happy workforce,” said Royal Caribbean Cruises Ltd. Chairman and CEO, Richard D. Fain.

“Healthcare costs continue to be a major driver of spending for both employers and employees throughout the U.S., and Royal Caribbean’s pledge to worksite wellness will be a win-win, as well as help bend the curve in healthcare spending. Tenet is a high quality provider of healthcare and we look forward to working with them.”
